

## HID LAMPS & BALLAST KITS HI & Low PRESSURE & METAL HALIDE

### REPLACEMENT KITS:

- We stock major brands
- Core & Coil Kits
- 5- Tap Kits  
120/208/240/277/480v
- 35w to 1500w
- Multi-Tap
- Pulse Start
- Metal Halide
- High Pressure Sodium

HID are popular because of the heavier loads and longer runs associated with applications like shopping malls and parking lots. HID ballasts are available in a variety of shapes and sizes to fit most needs.

### HI-INTENSITY DISCHARGE LAMPS:

- We stock major brands
- Metal Halide gives off White light
- Hi & Low Pressure Sodium give off yellow light
- 35w to 1500w
- Med & Mogel Base
- Clear and Deluxe
- Standard & Pulse Start
- Double End & Floods

High-intensity discharge lamps make more visible light per unit of electric power consumed than fluorescent and incandescent lamps since a greater proportion of their radiation is visible light in contrast to infrared.
